Principal’s Message

In the coming days it is anticipated that semester 1 student reports will be sent home with all students. These reports indicate student’s success and achievements for the first half of the year. As part of the reporting process all students from years 1-6 will be given a result on an achievement scale for each subject. Results are awarded on an A-E scale. It is vital to remember that a C result means that a student has learnt all of the required learning for this semester. Or in other words a C means that they have learnt everything that was expected of them. To get a higher result (A or B), students would need to be working well above the NSW syllabus requirements for a student in their year. If you have any questions about the reporting process, please feel free to contact your child’s teacher or myself directly.

Early next term, there are many school events taking place, for all students K-6. Please ensure that you have a look at the calendar of events and return the appropriate note by the due date. If you require an additional note, please contact the office so we may send one out to you.

As this will be the last newsletter for term 2, I would like to wish everyone a happy and safe holiday. Students return to school on Tuesday 14th July.
