Prevention

It is important that the school community address the underlying causes of bullying relating to school organisational issues, learning and teaching issues and relationship issues.

Preventative Strategies:

- Education and promotion of the school’s Anti-Bullying Policy.
- Use of Restorative Practice
- Bounce Back Social Skills Program
- Student Welfare programs including the school’s Core Values
- Productive and respectful relationships established between all members of the school community.
- Classroom rules, routines and processes negotiated and applied consistently.
- Adequate supervision of students during breaks on playground and classrooms
- Active intervention when bullying occurs.

Strategies to Deal with Bullying:

Reported cases can be dealt with in several ways. It is recognised, however, that each case is different and may require an individual, case by case approach. In all cases it is important to ensure:

- That victims are believed and made safe
- That the principles of natural justice and due process are followed in regard to students reported for bullying
- Restorative Practices

- School Counsellor intervention.
- Monitored by the Learning Support Team
- Incidences kept on the School Data base
- Parents and school staff work together

Strategies for Students on How to Deal with Bullying Behaviours

- Stay in sight of peers and adults
- Try to stay calm. Walk away without looking back
- Try to show you are not upset. Practise this
- Look at the person. Try to speak in a strong voice. Say something like:
  - You might think that, but I don’t or “Why are you doing this?”
  - Throw arms in the air and say “Go away!” in a loud voice
  - Use an I message. Express your feelings in an assertive way e.g. “I want you to stop” or “I don’t like it”
  - Go to a safe place e.g. with other children, near a teacher
  - Talk to someone who can help you. (a teacher or your parent) Tell them what has happened, how you feel and what they can do to help. This is not dobbing!
- Use humour if appropriate.
- Never keep bullying a secret

Procedures for Dealing with Bullying Behaviour

All students have the right to be heard and listened to. Class teacher deals with smaller issues in the classroom in line with school Student Welfare Policy and class rules. Teacher on playground duty deals with smaller issues in the playground – if more serious in nature the duty teacher informs the Principal. who then deals with the bullying

Have discussions with the students involved – take appropriate action.

Parents and class teacher work with student to look at underlying problems and seek solutions.

Principal, and staff work with parents and individuals to identify bullying behaviours where necessary.

School Counsellor and Learning Support Team and Department of Education and Communities Student Welfare Officers involved in individual programs if required.

Serious bullying incidents are recorded and consequences are in line with the School’s Discipline Procedures.

Issues are resolved in a calm manner with as much time as necessary given to hearing what each
student feels and assisting all students to feel more able to cope.

Students with identified bullying behaviour will take responsibility for their actions.

Teachers and their supervisors should organize meetings with parents if they're concerned about bullying amongst students.

Principal deals with major bullying incidents and may need to implement the DEC Suspension and Expulsion of Student Procedures

**Procedures for Dealing with Cyber bullying**

The school reserves the right to determine whether incidents of cyber bullying relate to the responsibility of the school.

If determined the school has a role to play we will:

- Ensure each student is safe and arrange support, including the involvement of student wellbeing. Support from staff should be provided on an ongoing basis with the agreement of the student and parent to assist the student to work through the effects of the cyber bullying and to help them develop and implement effective coping strategies.

- Student’s parents contacted to alert them to the issue, and ongoing concerns regarding the welfare of the student, and discuss the issue and how best to deal with it.

- Reassure the student that the school is taking the incident seriously and that the reported bullying will be acted on.

- Gather basic facts about the suspected cyber bullying and, if possible, identify the students involved.

- Implement appropriate responses to address the bullying using evidence-based responses such as restorative justice approaches to conflict resolution.

- Provide the following strategies to the student and parent to assist with managing the issue in the future.

- Don’t respond to any further messages/postings from the bully and, if possible, block further correspondence from them (block their mobile number or email address).

- Report any further correspondence from the bully to the parent and an agreed school contact.

- Keep evidence of any bullying to assist with tracking down the bully and potentially reporting the matter to police (screen captures, bully’s screen name, text and images).

- Report any concerns to the administrator of the service used, including the mobile phone provider (if SMS is involved), website administrator (if social networking or chat services are involved), or internet service provider, as most have measures to assist with tracking and blocking the bully. Some block the bully’s access to their services entirely as bullying is often a breach of website terms of use.

If the student is distressed by the bullying, ensure they are provided with options for psychological support including school counselling and the DET Well Being Unit.

The school will follow its established approach to incidents of bullying as outlined in the school Anti-Bullying Policy

**Early Intervention**

Some students are identified as being at risk of bullying or developing long-term difficulties with social relationships. Some students are also identified as using bullying behavior. These are some ways we will deal with this:

- Referral to Learning Support Team
- Using social skills programs such as Bounce Back
- Using Social stories and role play situations
- Develop a plan of action on how to cope with situations
- Find things the students are good at and celebrate the successes
- Promote leadership within the school amongst the students
- Using Peer
Procedures for Reporting Bullying

- Students are to report all incidents of bullying to a teacher immediately
- Parents with concerns about bullying should contact the school immediately
- All bullying incidents are to be reported, taken seriously and dealt with by teachers, Executive, Deputy Principal, Principal (depending on the severity). These issues will be dealt with immediately or as soon as practically possible.

Teachers and/or the Principal will contact the parents of the student being bullied and the student doing the bullying immediately it is discovered. All staff to be informed so they can monitor students in the playground.

In the case of Cyber-bullying, the police may need to be contacted to make a report.

Students will be supported by the school Counsellor if upset by being bullied or experiencing ongoing bullying of a peer.

The Anti-Bullying Policy will be available on the school website and regular information will be posted in the school’s newsletter.
